

# REGIUS URP Connect

## Solution which solves all your needs

URP Connect Propane Water system offers **heat recuperation** without any need for system technic background. It is environmental friendly thanks to the **natural refrigerant used**. **Excess heat can be used for floor heating** or recuperated any other way.

- ⊕ The design proven by many years of experience offers **extremely stable mean room temperature**. This is guaranteed by functional air curtain supported by perforation at the bottom part of the back panel.
- ⊕ Propane is naturally occurring refrigerant, which has got the **optimal properties for refrigeration cycle**, high efficiency and high performance. It yields up to 20%+ better EER efficiency than R404A.
- ⊕ As being part of URP family of products, it offers the **widest portfolio of accessories** which can be used to satisfy all customer's needs and wishes.
- ⊕ Thanks to the inlet grille being separately removable it gives the customers a chance to **clean smaller impurities without having to remove all the goods** from the base of the cabinet.

*Freshness. Our focus.*

**HAUSER** 

# Your HAUSER solution for freshness

Transparent design, attractive goods display, energy-optimised refrigerated and deep-freezing cabinets and a comprehensive range of service have been guaranteeing freshness for almost seventy years: HAUSER is your reliable partner for refrigeration technology.

Founded in 1946 by Rudolf Hauser as a maintenance and installation service in Linz in Austria, the family-run business grows continuously. HAUSER manufactures its products using state-of-the-art methods at its two facilities located in Austria and the Czech Republic. Worldwide, 700 employees strive each day to provide you with individual solutions for freshness.

## Everything from a single source

Planning, production and delivery of turnkey refrigeration units – HAUSER provides safety, reliability and service during the entire product life cycle. The top-quality products are tailored to fulfill your individual needs. The professional project management minimises your energy consumption and thus helps preserve the environment.

## Broad spectrum of services

Our product portfolio includes refrigerated and deep-freezing cabinets, refrigeration technology and controls, cold-storage rooms and warehouses, and also a broad spectrum of services with 24-hour assistance and online temperature control. HAUSER guarantees optimal support around the clock with installation and service technicians close to your location.

## Design, quality and energy efficiency

The team at our modern development laboratory is constantly working on innovations in the areas of goods display, transparency, ergonomics, function and
